

# Create a Diorama of Your Favorite Summer Reading Book

## Bring Your Favorite Book to Life

1. Think about a book on your reading list this summer – is it one you haven't read that you're excited to read? Or is there one you've already read this year that you really enjoyed? What's the main character like, and what adventures do they go on throughout the book?
2. Take your favorite summer reading book and imagine bringing the words to life. What do you imagine the characters look like? Pick your favorite scene or part of the book and get ready to create.
3. Here's where the fun part starts, let's put that scene into a diorama! You'll definitely need a container or a half of a box as all diorama's need a backdrop for the scene to fit into.
4. Start by jotting down what you think your diorama will need and what it will look like then create a sketch. From there, you can get an idea of what you'll need. For example, if you read a book about space, you might decide to create the solar system and you would need Styrofoam balls, paint, and glue.
5. Think about your book and it's up to you to use your imagination to bring it to life! Once you finish, you can display it around your home and you'll always be reminded of that awesome book you read.

Space to list or sketch ideas:
